AMA Style is a variation of the Vancouver system that is used by the Journal of the American Medical Association (JAMA) and other publications by the AMA. We are currently following the 10th edition of the AMA style guide. AMA is a documentary-note style, which means you put a number in your text to cite sources of information and the reference list is in numerical order. In text citations are in superscript 1 and in order of citation (the first citation is 1 the next is 2). If you use the ...
