In the situation that I lived in this case, I had to follow my heart to do what was right by my mother, and be true to myself. And if you have to stand alone - you stand strong! But it helps to have positive people in your life who believe in you, and encourage you on a regular basis. And it's very important to take time out to take good care of yourself. We are all born with what we need, to do what we need to do on this earth. So don't listen to anyone who tells you - "you can't", just "find a positive way you "can." My good wishes for all.

threaten to blow up in his face. How can Pat reconcile being a minion with wanting a hero? Will Nick's feelings for Pat overcome what keeps them apart? Or will they both lose everything? On December 2nd, 2006, the naked body of a woman was discovered in woodland just south of the Suffolk satellite town of Ipswich. Over the next ten days, four further bodies were found. All were naked - prostitutes who worked in Ipswich's red light district - and all five had been strangled. This work presents the story of the Ipswich Killer.

In this searing exploration of deadly codependency, the author takes the reader on a spellbinding voyage of discovery that examines the questions: Are some people naturally too caring? Is caring sometimes a mask for darker motives? Can science help us understand how our concerns for others can hurt everything we hold dear? This gripping story brings extraordinary insight to our deepest questions. Is kindness always the right answer? Is kindness always what it seems?

Powerful account of the brutal slaying of a Kansas family by two young ex-convicts.

On 2 December, 2006, the naked body of a woman was discovered in a brook at Thorpes Hill, Hintlesham, a sleepy village just south of Ipswich, Suffolk. She was identified as Gemma Adams, aged 25, who worked as a prostitute in Ipswich's red light district. While tragic and shocking, this seemed like an isolated event. But six days later, on 8 December, the body of Tania Nicol, 19, was found also naked in a waterway near Copdock Mill. Journalists poured into Ipswich and the surrounding area. When a third body, that of Anneli Alderton, 24, was discovered just two days later in Nacton, fear set in among the local community. Crimes like this weren't supposed to happen in that rural area and the police seemed to have little to go on. Women were reluctant to go out after dark and the authorities advised them to venture out in pairs. The police knew they were in a race against time to get a result. Two further bodies were discovered. Paula Clennell, 24, and Annette Nicholls, 29, were found on 12 December. All the victims were prostitutes. All had worked in Ipswich's red light district. All five had been strangled. Police were drafted in from forces all over the country. Then two arrests were made and one man was remanded in custody to await trial. This is the shocking story of the Ipswich killings, from the discovery of the bodies to the impact on the families of the victims and the biggest police investigation ever mounted in Suffolk. This is a series of murders which produced more fear and terror than any in Britain since those carried out by the Yorkshire Ripper 25 years earlier.

LOOK AROUND YOU, BECAUSE THE PERSON SITTING RIGHT NEXT TO YOU COULD BE A COLD, HEARTLESS MURDERER. In Talking With Psychopaths and Savages, bestselling author and criminologist Christopher Berry-Dee takes readers deep inside the dark minds of some of the most pitiless and dangerous people alive. Having spent years interviewing imprisoned criminals - including notorious serial killers - he discovered that the lack of remorse these people showed was in many ways even more terrifying than the crimes they had committed. Yet in the course of these conversations, the author also had the chance to interview his subjects' psychiatrists and, in doing so, uncovered a terrible truth: a monster can be hidden behind a friendly face. Some of these experts, he found, proved to have more in common with their patients than he would ever have expected. This book examines horrific crimes committed by some of the most remorseless and merciless people ever to have lived, revealing a mindset wholly alien to most people. Talking with Psychopaths and Savages will inevitably shift the reader's view of those capable of the most heinous murders, and in doing so reveals that horror can be much closer to us than we think. A noted writer and criminologist of many years' standing, Christopher Berry-Dee is also the author of the bestselling Talking to Serial Killers.
