Now this revised second edition updates  
the unique training model called the  
Critical Events Model, which HRD  
professionals can readily adapt to their  
particular training situations. The model is  
presented in a series of steps called  
"events" that provide the designer with a  
straightforward, easy-to-follow system for  
designing training programs to improve  
performance and efficiency in the  
workplace.
