How do dreams come true? Two decades ago, before he was an internationally acclaimed author and teacher, Gay Hendricks didn't know. In fact, he didn't even know what his deepest desires were. Then, when he least expected it - at a cocktail party - a question prompted an epiphany. The opposite of the small talk he dreaded at such gatherings, the simple question of a fellow partygoer was big enough to alter the course of Hendricks's personal, professional, and spiritual life. Hendricks shares that catalyzing conversation here, turning it into a powerful, step-by-step process that anyone can use to clarify their dreams, overcome the obstacles that stand in their way, and experience their joyful fulfillment.
