Math Matique Financi

Mathematical finance is

not about predicting the

price of a stock. What it

is about is figuring out

the price of options and

derivatives. The most

familiar type of option is

the option to buy a stock

Online Library

Introduction La

at a given price at a given time. For example, suppose Microsoft is currently selling today at \$40 per share.

The Basics of Financial Mathematics

An Introduction to the Mathematics of Finance: A Deterministic Approach, Second edition, offers a highly illustrated introduction
