manage responsibilities. This manual will assist students in demonstrating hands-on performance of the skills necessary for initial training in medium heavy truck. It can also serve as a personal portfolio of documented experience for prospective employment. Used in conjunction with CDX Diesel, students will demonstrate proficiency in fundamentals, diagnosis, service, and repair. KEY FEATURES □ List of required and recommended materials and equipment for each task □ Critical safety issues relevant to the task □ Student Notes boxes offering vital information the student needs to consider while performing the task □ Time Card feature to allow students to track the time they spend
