The challenges that space poses for political theory are profound. Yet
until now, the exploration and utilization of space has generally
reflected – but not challenged – the political patterns and impulses
which characterized twentieth-century politics and International
Relations. This edited volume analyses a number of controversial
policies, and contentious strategies which have promoted ...

Securing Outer Space: International Relations Theory and ...

The essays here seek to 'bring back space' into the realm of International Relations discourse, from which it has been largely removed, marginalized and silenced. The various chapters do this by highlighting how activities in outer space are always connected to earth-bound practices and performances of the every day.
