Barbara W. Tuchman won her second Pulitzer Prize for this nonfiction masterpiece—an authoritative work of history that recounts the birth of modern China through the eyes of one extraordinary American. General Joseph W. Stilwell was a man who loved China deeply and knew its people as few Americans ever have. Barbara W. Tuchman’s groundbreaking narrative follows Stilwell from the time he arrived in China during the Revolution of 1911, through his tours of duty in Peking and Tientsin in the 1920s and ’30s, to his return as theater commander in World War II, when the Nationalist government faced attack from both Japanese invaders and Communist insurgents. Peopled by warlords, ambassadors, and missionaries, this classic biography of the cantankerous but level-headed “ Vinegar Joe ” sparkles with Tuchman’s genius for animating the people who shaped history. Praise for Stilwell and the American Experience in China “ Tuchman’s best book . . . so large in scope, so crammed with information, so clear in exposition, so assured in tone that one is tempted to say it is not a book but an education. ” —The New Yorker “ The most interesting and informative book on U.S. – China relations . . . a brilliant, lucid and authentic account. ” —The Nation “ A fantastic and complex story finely told. ” —The New York Times Book Review

In tracing the fortunes of America's commander in China during World War II, the author attempts to explore the U.S.'s involvement with the Chinese.

A history of the Chinese experience in WWII, named a Book of the Year by both the Economist and the Financial Times: “ Superb ” (The New York Times Book Review). In 1937, two years before Hitler invaded Poland, Chinese troops clashed with Japanese occupiers in the first battle of World War II. Joining with the United States, the Soviet Union, and Great Britain, China became the fourth great ally in a devastating struggle for its very survival. In this book, prize-winning historian Rana Mitter unfurls China’s drama of invasion, resistance, slaughter, and political intrigue as never before. Based on groundbreaking research, this gripping narrative focuses on a handful of unforgettable characters, including Chiang Kai-shek, Mao Zedong, and Chiang’s American chief of staff, “ Vinegar Joe ” Stilwell—and also recounts the sacrifice and resilience of everyday Chinese people through the horrors of bombings, famines, and the infamous Rape of Nanking. More than any other twentieth-century event, World War II was crucial in shaping China’s worldview, making *Forgotten Ally* both a definitive work of history and an indispensable guide to today’s China and its relationship with the West.

-During the summer of 1972 -- a few short months after Nixon's legendary visit to China -- master historian Barbara W. Tuchman made her own trip to that country, spending six weeks in eleven cities and a variety of rural settlements. The resulting reportage was one of the first evenhanded portrayals of Chinese culture that Americans had ever read. Tuchman's observations capture the people as they lived, from workers in the city and provincial party bosses to farmers, scientists, and educators. The author demonstrates the breadth and scope of her experience in discussing the alleviation of famine, misery, and exploitation; the distortion of cultural and historical inheritances into ubiquitous slogans; news media, schools, housing, and transportation; and Chairman Mao's techniques for reasserting the Revolution. This edition also includes Tuchman's fascinating essay -If Mao Had Come to Washington in 1945- - a tantalizing piece of speculation on a proposed meeting between Mao and Roosevelt that could have changed the course of postwar history.- - [Back Cover]

A “ marvelous history ” * of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize–winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “ furious follies,” a “ terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “ Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better. ” —The New York Review of Books “ A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer. ” —The Wall Street Journal “ Wise, witty, and wonderful . . . a great book, in a great historical tradition. ” —Commentary NOTE: This edition does not include color images.

Celebrated for bringing a personal touch to history in her Pulitzer Prize–winning epic *The Guns of August* and other classic books, Barbara W. Tuchman reflects on world events and the historian’s craft in these perceptive, essential essays. From thoughtful pieces on the historian’s role to striking insights into America’s past and present to trenchant observations on the international scene, Barbara W. Tuchman looks at history in a unique way and draws lessons from what she sees. Spanning more than four decades of writing in *The New York Times Magazine*, *The Atlantic*, *Foreign Affairs*, *Harper’s*, *The Nation*, and *The Saturday Evening Post*, Tuchman weighs in on a range of eclectic topics, from Israel and Mao Tse-tung to a Freudian reading of Woodrow Wilson. This is a splendid body of work, the story of a lifetime spent “ practicing history. ” Praise for *Practicing History* “ Persuades and enthralls . . . I can think of no better primer for the nonexpert who wishes to learn

history.” —Chicago Sun-Times “Provocative, consistent, and beautifully readable, an event not to be missed by history buffs.” —Baltimore Sun “A delight to read.” —The New York Times Book Review

Pulitzer Prize – winning historian Barbara W. Tuchman, author of the World War I masterpiece *The Guns of August*, grapples with her boldest subject: the pervasive presence, through the ages, of failure, mismanagement, and delusion in government. Drawing on a comprehensive array of examples, from Montezuma’s senseless surrender of his empire in 1520 to Japan’s attack on Pearl Harbor, Barbara W. Tuchman defines folly as the pursuit by government of policies contrary to their own interests, despite the availability of feasible alternatives. In brilliant detail, Tuchman illuminates four decisive turning points in history that illustrate the very heights of folly: the Trojan War, the breakup of the Holy See provoked by the Renaissance popes, the loss of the American colonies by Britain’s George III, and the United States’ own persistent mistakes in Vietnam. Throughout *The March of Folly*, Tuchman’s incomparable talent for animating the people, places, and events of history is on spectacular display. Praise for *The March of Folly* “A glittering narrative . . . a moral [book] on the crimes and follies of governments and the misfortunes the governed suffer in consequence.” —The New York Times Book Review “An admirable survey . . . I haven’t read a more relevant book in years.” —John Kenneth Galbraith, *The Boston Sunday Globe* “A superb chronicle . . . a masterly examination.” —Chicago Sun-Times

His American men worshipped him. The Chinese armies he trained and led would have gone through hell for him. But the politicians, both in Chung-King and Washington, hated his guts. And after two and a half years of bitter struggle in the China-Burma-India theater during the dog days of World War II, General Joseph W. Stilwell was abruptly relieved of his command and brought back to the U.S. in an "atmosphere of crime." From the time he flew to the Far East to assume command of the handful of American forces in the C.B.I. theater until his recall in 1944, General Stilwell was engaged in one of the most complex, difficult, and confidential operations in American military history. *The Stilwell Papers*—brilliantly edited and arranged by Theodore H. White, who knew the General in the C.B.I. theater—record Stilwell's on-the-spot account of the people and events of the moment with the salty directness of a man obligated to please no one but himself. But this book is not only an account of the various glories and frustrations of war; it is also the autobiography of one of America's greatest World War II commanders. General Stilwell was a strong, courageous man, deeply devoted to his country and charged with crucial responsibilities; and *The Stilwell Papers* is the deeply moving and striking self-portrait of that man and his struggle.

The Proud Tower, the Pulitzer Prize-winning *The Guns of August*, and *The Zimmerman Telegram* comprise Barbara W. Tuchman’s classic histories of the First World War era. During the fateful quarter century leading up to World War I, the climax of a century of rapid, unprecedented change, a privileged few enjoyed Olympian luxury as the underclass was “heaving in its pain, its power, and its hate.” In *The Proud Tower*, Barbara W. Tuchman brings the era to vivid life: the decline of the Edwardian aristocracy; the Anarchists of Europe and America; Germany and its self-depicted hero, Richard Strauss; Diaghilev’s Russian ballet and Stravinsky’s music; the Dreyfus Affair; the Peace Conferences in The Hague; and the enthusiasm and tragedy of Socialism, epitomized by the assassination of Jean Jaurès on the night the Great War began and an epoch came to a close. Praise for *The Proud Tower* “[Barbara W. Tuchman’s] Pulitzer Prize – winning *The Guns of August* was an expert evocation of the first spasm of the 1914 – 1918 war. She brings the same narrative gifts and panoramic camera eye to her portrait of the antebellum world.” —Newsweek “A rare combination of impeccable scholarship and literary polish . . . It would be impossible to read *The Proud Tower* without pleasure and admiration.” —The New York Times “An exquisitely written and thoroughly engrossing work . . . The author’s knowledge and skill are so impressive that they whet the appetite for more.” —Chicago Tribune “[Tuchman] tells her story with cool wit and warm understanding.” —Time
